Hi Cynthia, Alba, Milton and Ron,

No problem and happy to have you join us. Feel free to take the microphone during the Q&A to explain how you farm - we are happy to have all farmers participate. I had sent out an invitation for organic farmers attending the People's Assembly to speak, but none replied.

We have a few more seats available (breakfast is free courtesy of my crowdfunding among farmer communities) so feel free to inform your network. Better to ask them to register at: <https://www.eventbrite.co.uk/e/the-voice-of-farmers-at-the-monsanto-tribunal-tickets-28099400062> so I can keep track of the numbers. Anyway, I have four spaces reserved for you.

See you on Friday

David
